ABOUT 7TH INTERNATIONAL LNG CONGRESS

The International LNG Congress is the annual closed-door event which is held for the 7th time and gathers the representatives of the whole LNG chain and leaders of the industry. Here you can meet new solutions providers and services providers, LNG projects shareholders, EPCs, Local Gas Companies, Fleet and Trucks Owners, Terminals' operators, LNG infrastructure developers who attend the Congress to present their case-studies, network and find potential partners. The International LNG Congress has its history and in the last few years more than 800 requests were processed, 400 VIP meetings were made and representatives from more than 320 companies attended the LNG Congress.

FUELLING THE INDUSTRY

AMONG THE PARTICIPANTS 2020

DELEGATES' IMPRESSIONS

Jolon van de Schuit CEO

I am delighted to be here, it is one of the best conferences I experienced: a lot of LNG people and good quality, enough time to meet each other and have good discussions. All those advantages of the event have started with good organization, thanks to BGS group.

Vernon Paltoo President

It is one of the diversity of the types of the companies that you could meet at the event. Secondly, it is the level of persons that you meet at the Congress. And thirdly and most importantly, it allows you the flexibility and the capability to discuss other opportunities and other business interest with a wide range of participants within the energy sector, not just the LNG sector only.

Maarten Spilker Senior Solutions Director

Antonios Boutatis Managing Director - Partner

The event attracts real good people, professionals, forward-thinking people, presentations. I am really enjoying the networking here.

Jani HautaluomaDirector, Process Automation

The event and organization was really very nice. Nice to see the developments which were presented today in the frames of the Plenary Session. I have participated in the event last year and now it is really moving forward very fast. It is nice to see that LNG is getting more popular and more people are involved. Big thanks for you.

basis, but at a global basis.

Sébastien Demange Energy and Industrial Gases Area Sales Manager (Iberia, Benelux and North Africa)

We really enjoy the diversity of the backgrounds that we find here from

engineering, economics, major firms like Shell, like Gazprom, when we have the opportunity to discuss and exchange ideas about the LNG not only on a local

Innovations, support, services and expertise - beyond everything there is people, right?

When it is time to create personal link, a bit more informal we are also glad to support. Gala Dinner is a perfect opportunity to create link with people.

Panayiotis Mitrou Global Gas Segment Manager

I think it was quite interesting to see the top key stakeholders in gas together. Also it is a pluralism of attendance and the rare chance to network with many people in one place

Anke OdendaalBusiness Development

The main idea for this Congress was to get more leads. We are developing European market now and we new leads, new business partners in Europe. I believe we did achieve that and I believe we have a lot more new connections in the industry.

AMONG THE SPEAKERS

Amine El Kadiri

Business Developmemt Manager

GTT

Sergio Aquenza

Commercial Technical Manager

Techint Engineering & Construction

Laurent Hamou

Head of European and Institutional Affairs

Elengy

David Wendel

ENDEGS – Mobile VOC Combustion

SESSION ROOM

^{*}The information presented is random. Any reference to existing companies or real participants is purely coincidental.

DAY 1

WELCOME COFFEE BREAK (8:00-9:00)

PLENARY SESSION. GLOBAL LNG MARKET OVERVIEW

| 9:00-9:20 | Natalya Kuznetsova Project Director of the 7th International LNG Congress BGS Group | Opening speech of the Congress |
|-----------|--|---|
| 9:20-9:50 | Alexandra Strupinskaya Deputy Head of International Business Development SST Energomontazh LLC SST Group | Modern & effective electrical heat tracing solutions for LNG industry |
| :50-10:20 | Claudio Rodriguez Gas Assets General Manager Enagas Transporte Sau | CORE LNGas hive, go gas ahead! from Spanish core ports |

Texas LNG: Key Success Factors of a US Second Wave LNG Export Project

Mark Gyetvay CFO & Deputy Chairman

Topic to be confirmed

COFFEE BREAK (11:30-12:30)

SPONSOR

SESSION 1. DEVELOPING VEHICLES MOBILITY

| 12:30-12:55 | | David Wendel General manager ENDEGS | ENDEGS – Case studies for safe and environmental friendly degassing of LNG barges |
|-------------|------|--|---|
| 12:55-13:20 | | Christian Hoellinger Head of LNG Road Shell | (Bio-) LNG for road transport – Evolvement of the truck demand & infrastructure |
| 13:20-13:45 | | Sven Goethals Business Development Manager - Business Line Energy Tractebel Engineering S.A. | Green hydrogen as fuel for mobility |
| 13:45-14:10 | (g.) | Markus Oertel Function Product Manager Fixed Gas Detection Solutions Dräger Safety AG | Optical Area Monitoring - MetCam A Novel Methane Imaging Camera for Fixed Installations |
| 10-14:30 | | Marcin Szczudło Vice President PGNIG | Development of gas use in transport in Central Europe |

SESSION 2. LNG BUNKERING INFRASTRUCTURE BM (BUSINESS STREAM)

| 12:30-12:55 | Johan Lillieskold Schulte Group LNG Technical Expert Bernhard Schulte Shipmanagement | The adoption of LNG as a fuel |
|-------------|--|---|
| 12:55-13:20 | Johannes Dziuba Sales Engineer TGE Marine Gas Engineering GmbH | Topic to be confirmed |
| | | |
| 13:20-13:45 | Amine El Kadiri Business Development Manager GTT | GTT Innovative technologies for LNG as a fuel |
| | | |
| 13:45-14:10 | Antonio Miranda Bonet Head of LNG Bunkering Naturgy | Development of LNG Bunkering in Spain |
| | | |
| 14:30 | Tom Strang | Evperionse to Date with LNC Bunkering |

Experience to Date with LNG Bunkering

LUNCH (14:30-15:30)

SESSION 3. SMALL-SCALE LNG PROJECTS TECHNOLOGIES

| 15:30-15:55 | | Session Sponsor | | Available |
|-------------|-------|---|---|---|
| 15:55-16:20 | | Gema Rico Senior LNG Process Engineer Wood | 1 | Small scale LNG import & Regas technology evaluation - case study |
| 16:20-16:45 | | Stuart Wallace Director, Process Technology (LNG) FLUOR | | Decarbonizing the LNG Value Chain: Fluor's Integrated LNG Carbon Capture Solutions |
| 16:45-17:10 | | Andreja Ana Lopac Head of Development and Port Security Department LNG Croatia LLC | 1 | The role of Croatian FSRU LNG Terminal in the development of LNG bunkering Infrastructure in region |
| 17:10-17:35 | CHART | Michael Blondin Vice President Energy & Industrial Sales Europe, Middle East, Africa & India Chart Industries | | Topic to be confirmed |

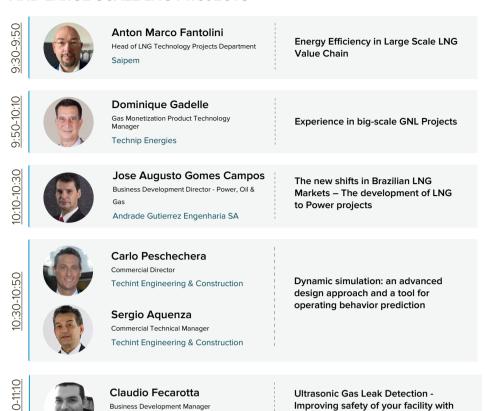

SESSION 4. MARINE LNG STORAGE AND TRANSPORTATION - SUSTAINABILITY OF THE GLOBAL SHIPPING INDUSTRY

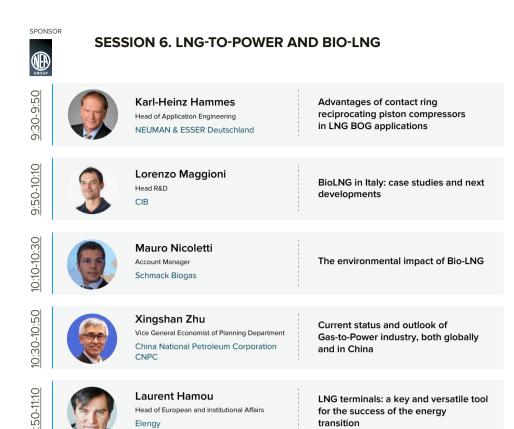

| 15:30-15:55 | Dirk Band Director Business Unit Filtration Georg Schünemann GmbH | Topic to be confirmed |
|-------------|---|---|
| 15:55-16:20 | Juan Carbayo Risk & new business director Cepsa Gas | Spain LNG: Hub & Small Scale |
| 16:20-16:45 | Speaker Slot | Available |
| 16:45-17:10 | Carlos Maria Branas Director Asociación Argentina de Ingeniería Naval | Marine LNG in Argentina: The Paraná-Paraguay Waterway Case |
| 17:10-17:35 | Andreas Slotte Head of Sustainable Development Port of Helsinki Ltd | A port's accreditation process for ship-to-ship LNG bunkering; a case study |

DAY 2

WELCOME COFFEE BREAK (8:30-9:30)

SESSION 5. OPPORTUNITIES FOR INCREASING EFFICIENCY IN MIDAND LARGE-SCALE LNG PROJECTS

COFFEE BREAK (11:10-12:00)

MSA The Safety Company

SPONSOR

SESSION 7. DIGITAL TRANSFORMATION OF LNG ASSETS

innovative technology

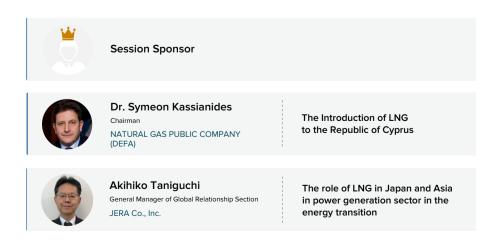

| 12:00-12:30 | | Karsten Schreiber Sales Manager Fire Detection Minimax Fire Solutions International GMbH | | Topic to be confirmed |
|-------------|-----|---|-----|---|
| 8 | | Kenji Mouri | - | |
| 12:30-13:00 | JGC | LNG Digital Lead Data Scientist JGC Corportaion | | Business Transformation in LNG Industry with Digital Solutions |
| 12: | | · | - 1 | |
| 13:00-13:30 | | Yousif Abualsoud OT Digital Projects Lead | | The Future of Asset Management in a Digital Plant |
| 13:0 | | Saudi Aramco | | |
| Ol | | | | |
| 13:30-14:00 | | Speaker Slot | | Available |
| (1) | | | i | |

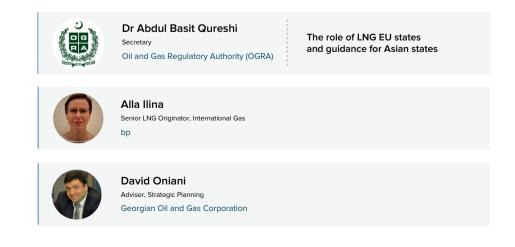

SESSION 8. MARINE ENGINEERING AND SHIPBUILDING

| 12:00-12: | Session Sponsor | Available |
|-------------|---|---|
| 12:30-13:00 | Viktorija Šniolienė Project Manager, LNG Commercial Unit Klaipedos nafta | Expanding LNG value chain around FSRU "Independence" |
| 13:00-13:30 | Jonathan Raes Managing Director Infrastructure EXMAR Marine | The next generation of floating infrastructure |
| 13:30-14:00 | Christian Fjell Sustainability Manager Altera Infrastructure | Spearheading the push for LNG as fuel for Shuttle-tankers |

LUNCH (14:00-15:00)

PANEL DISCUSSION. THE INTRODUCTION OF LNG ALL OVER THE WORLD. NEW PROJECTS OVERVIEW (15:00-17:00)

ROUNDTABLES

DAY 1

ROUNDTABLE. PROJECTS AND TECHNOLOGIES TO AID DECARBONIZATION IN ROAD TRANSPORTATION

DAY 2

ROUNDTABLE. LOW CARBON AND HYDROGEN SOLUTIONS OF TODAY

Key topics

Fuelling infrastructure - new projects development and technologies

Low Carbon and Hydrogen projects - planned and realized

Potential use of hydrogen infrastructure

Spoakors

| | | | | Speakers | | | |
|-------------|--------------|--|---|--------------------|---------------|---|--|
| 15:30-15:45 | | Flavio Merigo Technical Director NGV System Italy | The sustainable mobility as a driver of the circular economy: the role of (BIO)LNG | 9:30-9:45 | | Andrea Condotta Public Affairs & Innovation Manager Gruber Logistics | A path towards 0 emissions mobility |
| | | | | | | | |
| 15:45-16:00 | | Henrik Domanovszky Founder, CEO LNG.hu Engineering | LNG Modulo an innovative technology for making the start of LNG fuelling easier | 9:45-10:00 | | Christopher Stanik Programme Manager Mobility and Fuel Strategy / Project Manager Gas-Fuelled Ships NOW | Hydrogen mobility and infrastructure: A market overview |
| 101 | | | | ıol | _ | | |
| 16:00-16:15 | | Chikako Ishiguro Senior LNG Analyst Osaka Gas | The development of Japanese small scale LNG market | 10:00-10:15 | | Mona Bhagat Business Development Manager KBR | Emerging Hydrogen Trends, Challenges, Costs and Opportunities |
| | | | | | | | |
| 16:15-16:30 | | Fabrizio Buffa Head of Alternative Propulsion Gas Iveco | LNG Road Transport: Towards Carbon Neutrality | <u>10:15-10:30</u> | To the second | Steinar Eikaas Vice President Low Carbon Solutions Equinor | Hydrogen, Carbon Capture and Storage |
| | | | | | | | |
| 16:30-16:45 | | Philip Braunschweig Head of Business Development LIQUIND | How to combine clean road transportation with green transportation on inland waterways? | 10:30-10:45 | | Felicia Mester Senior Policy Advisor Hydrogene Europe | Hydrogen paves the way for deep decarbonisation |

ONLINE DELEGATE PARTICIPATION

Online delegate pass: 2200 GBP

Access to all formats of the event

Page in the official online catalogue: 500 GBP

ONLINE EXHIBITION STAND

Price: 5400 GBP

The package includes:

In frames of the online stand:

- Company description and equipment;
- Up to 5 links in the exhibitor profile;
- Contact details

On event:

- Chat any participant and personal online schedule;
- Support by a personal manager;Access to all sessions and webinars
